FINDING BOOKS AND OTHER LIBRARY MATERIALS

**OBIS** is the Oberlin College Library’s online catalog; it lists most library materials. OBIS is searchable by **Author** or **Title** for a specific author or work, or by **Subject Heading** or **Keyword** for works about a topic, person, place, etc.

- **Subject Heading** searches are based on *Library of Congress Subject Headings* and search only the *Subjects* part of a catalog record
- **Keyword** searches find words, or a combination of words, that appear *anywhere* in a catalog record, including author, title, publisher, table of contents, and subjects.

Writers can be searched as both **AUTHOR** (for writings *by* the person) and **SUBJECT** (for writings *about* the person and their works)
