FINDING BOOKS AND OTHER LIBRARY MATERIALS

OBIS is the Oberlin College Library’s online catalog; it lists most library materials. Online borrowing is available through the OhioLINK Library Catalog, which combines the holdings of 120 libraries at Ohio colleges and universities, and through SearchOhio, which does the same for 28 Ohio public library systems. All three catalogs are searchable by Author or Title for a specific author or work, or by Subject Heading or Keyword for works about a topic, person, place, etc.

- **Subject Heading** searches are based on Library of Congress Subject Headings and search only the Subjects part of a catalog record
- **Keyword** searches find words, or a combination of words, that appear anywhere in a catalog record, including author, title, publisher, table of contents, and subjects.

Writers can be searched as both **AUTHOR** (for writings by the person) and **SUBJECT** (for writings about the person and their works)
